Dryslope Ambassadors Race Report - Midlands CN

Posted: 05/07/2016

There was the biggest field of the summer outdoor racing season at Gloucester on 25th June for the Midland Club National. Good to see lots of entries especially in the younger age groups. Everyone was treated to some exciting skiing with most of the groups being closely contested.

SnowSport England Dry Slope Ambassadors and Midland racers Helena Newbould and Oliver Weeks presented the trophies after the race. Oliver said "it was great seeing all the younger skiers racing as hard as they could despite the wet weather, being inspired by the older racers showing their speed and skill, and then being so pleased when they were called up to collect their prizes. I was also surprised seeing how much work goes on in the weeks beforehand in preparing for the race which most competitors don't normally see."

The Club National races take place all around the country between April and July and sees up to 200 athletes competing in each race. The races are organised by local ski clubs under the auspices of SnowSport England and SnowSport Wales.
