## Ollie (Y10) has just secured the Coventry & Warwickshire Junior Sportsperson of the Year Award!

Having been on the English Alpine Ski Squad for a few years now and having skied for Team GB in Slovenia and Italy last winter, Ollie has now also been appointed as a SnowSport England Ambassador - this gives him an additional role in promoting the sport and encouraging younger skiers.

His performance target for this summer was to get some overall podiums (1st, 2nd or 3rd) – not just in his age group, but over all the age groups in the race. He achieved this spectacularly: since the summer season started in April he's had 15 overall podiums, including four overall 1sts - a great achievement against some much older racers.

But Ollie's highlight has to be winning the Ambition GBR Series Overall Male title, achieving the highest score out of ten national events both indoor and outdoor - for which he's now custodian of a very nice trophy.

In recognition of this, Ollie has been awarded the accolade of Junior Sportsperson of the Year for Coventry & Warwickshire - BRILLIANT!
